March 2017

Dear members of the ACC,

Being a small business owner, I am disappointed to hear that APS is filling for another rate increase on our basic services. I am asking for you to please not allow this to happen.

While I work to increase the efficiency of my business and work to reduce my energy consumption, it appears through this request that APS is not focused on doing the same.

I urge you to vote in favor of more efficiency by APS by voting no to their proposed increases.

Best,

Ida Zentuck
